## Skandia begins selling Tundra funds

**Tundra funds are now also available via Skandia. Tundra Fonder has finalised a distribution agreement with Skandia, which joins earlier agreements with Swedish, Norwegian and Finnish distributors**

Tundra Fonder has delivered powerful growth since its founding in October 2011 and currently has six funds oriented towards emerging and frontier markets and assets under management of SEK 1.5 billion. Fund distribution was recently expanded with Skandia, whose family of funds now includes Tundra funds. Earlier this year, Tundra Fonder began collaborating with Max Matthiessen's fund marketplace, MaxFonder, and Garantum Fondkommission.

'We are delighted that our clients now have additional channels through which they can purchase Tundra funds. The demand for frontier markets, the new emerging markets, is massive. We offer the widest selection of frontier funds in Scandinavia, which makes us a valuable partner for distributors,' says Tundra CEO Jon Scheiber.

Tundra Fonder has distribution agreements in Sweden with Aktiespararnas Aktieinvest, Avanza Bank, Nordnet, Fondmarknaden.se, Garantum Fondkommission, Max Matthiessen, MFEX Mutual Funds Exchange, Nasdaq OMX Nordic Fund Market and Skandia. The funds are also available at most Swedish private banks via the fund platforms.

In Finland, Tundra Fonder has distribution agreements with Eufex and Nordnet and in Norway with Skandia and Nordnet.
