

To holders of units in Tundra Sustainable Frontier Fund

You have received this letter because you hold units in Tundra Sustainable Frontier Fund. Tundra Fonder AB has decided to introduce new share classes to the fund as a result of demand from institutional investors. To achieve this, we need to make changes to the fund rules. The new share classes are available to investors that wish to invest large amounts¹ and where no distribution inducements are paid to third parties (such as banks and insurance platforms). The requirement to make a large investment is set against a lower management fee for the new share classes than for the existing ones².

The fund's investment strategy is not changed in any way. Under the current fund rules, the fund management company is entitled to charge a fee of a maximum of one percent of the redemption value if a unit holder sells fund units within six months of buying them. The fund management company has never applied this fee, and the changes to the fund rules remove it. Furthermore, the official benchmark index specified in the fund rules will change to MSCI FM xGCC Net Total Return. The terms and conditions are otherwise unchanged, and the fees and changes are not expected to have any other consequences for existing unit holders. You do not need to take any action as a result of these changes. The new fund rules, which enter into force on 1 May 2019, are attached to this letter. The changes have been approved by the Swedish Financial Supervisory Authority.

You are very welcome to call (+46 8 551 145 70) or email (info@tundrafonder.se) us if you have any questions about the changes to the fund rules.

Thank you for your continued trust.

With kind regards,
Jon Scheiber, Chief Executive Officer Tundra Fonder AB

¹ The minimum initial investment per client ranges from SEK 10 million/USD 1 million/EUR 1 million to SEK 50 million/USD 5 million/EUR 5 million according to share class.

² From 1.75% to 1.25% according to share class.

§ 2. THE FUND MANAGER

The fund is managed by Tundra Fonder AB, corporate registration number 556838-6303, hereinafter referred to as the “Fund Management Company”. The Fund Management Company represents the Fund and the holders of units in the Fund, hereinafter referred to as the “Unitholders”, in all matters regarding the Fund.

§ 3. CUSTODIAN INSTITUTION AND ITS FUNCTION

The Fund Company has appointed Skandinaviska Enskilda Banken AB, corporate registration number 502032-9081, hereinafter referred to as the “Custodian Institution”, as the custodian institution for the Fund. The Custodian Institution implements the Fund Management Company’s decisions with regard to the Fund and receives and retains the Fund’s assets. In addition, the Custodian Institution ensures that decisions taken by the Fund Management Company with regard to the Fund are not in contravention of the provisions of the LVF, the regulations of the Swedish Financial Supervisory Authority (Finansinspektionen) or the Fund Rules. The Custodian Institution shall act independently of the Fund Management Company and exclusively in the interests of the Unitholders.

§ 4. CHARACTERISTICS OF THE FUND

The Fund is a global equity fund with a particular emphasis on investments in emerging markets and so-called frontier markets. The Fund Management Company's management of the Fund is intended to generate financial exposure to economic development in emerging markets and frontier markets and to generate a higher return than MSCI FM xGCC Net Total Return at an equal or lower risk level.

§ 5. THE FUND'S INVESTMENT STRATEGY

The Fund's assets may be invested in transferable securities, money-market instruments, fund units, derivative instruments and accounts with credit institutions.

At least 80% of the net asset value of the Fund must be invested in equities and equity-related transferable securities issued by companies that have their registered office in emerging markets and/or frontier markets, or that conduct their principal operating activities in emerging markets and/or frontier markets. Up to 20% of the net asset value of the Fund may be invested in equities and equity-related transferable securities issued by companies that are classified by MSCI as Developed Markets. Emerging markets and frontier markets are defined as those countries that are not classified as Developed Markets by MSCI. Notwithstanding the above restrictions, the Fund may always hold the cash and cash equivalents necessary to conduct management of the Fund, but to a maximum of 20% of the net asset value of the Fund.

The Fund's assets may be invested in derivative instruments with such underlying assets as those specified in 5:12, first paragraph, of the LVF.

The fund may invest up to 10% of the net asset value in other funds.

Investments in the Fund have a special investment strategy in emerging markets and frontier markets. The investment strategy is global and diversified and thus not limited to any particular sector.

The Fund adheres to specific sustainability-related criteria for its investments. These criteria are based on international conventions on human rights, labour rights, the environment and anti-corruption. This means that the Fund invests only in companies that operate their businesses in compliance with these conventions. Furthermore, the Fund does not invest in companies that generate more than five% of sales from production and/or distribution of alcoholic beverages, or distribution of weapons, tobacco products, commercial gambling operations or pornography. Nor does the Fund invest in companies that produce or distribute controversial weapons, are involved in the production of tobacco products or pornography or the extraction of fossil fuels or manufacturing where the raw material consists largely of fossil fuels.

§ 6. SPECIAL PROVISIONS REGARDING THE MARKETS IN WHICH THE FUND'S ASSETS MAY BE INVESTED

The Fund's assets may be invested in a regulated marketplace or equivalent market outside the EEA. In addition, trade may take place on a market within or outside the EEA that is regulated and open to the general public.

§ 7. SPECIAL INVESTMENT STRATEGY

The Fund invests in derivative instruments, including such OTC derivatives as stated in 5:12 second paragraph LVF, as part of its investment strategy. The Fund may invest in such transferable securities and money-market instruments as referred to in 5:5 LVF.

§ 8. VALUATION

The net asset value of the Fund is calculated by deducting from the assets those liabilities related to the Fund. The Fund's assets comprise:

- Financial instruments
- Cash and equivalents
- Accrued interest
- Accrued dividends
- Sales not settled
- Other assets and receivables related to the Fund.

The financial instruments included in the Fund are valued based on current market value, meaning the last price paid, or, if this is not available or is less than the last bid price or higher than the last ask price, the latest mid-price (the average of the bid and ask prices). If such prices are not considered current, or are misleading in the assessment of the Fund Management Company, the Fund Management Company may determine the value on an objective basis. Such basis may, for example, be indicative bid prices from market makers, if these are appointed for the issuer, valuations provided by independent parties, IPO prices at another value, or knowledge that a transaction in the asset has been conducted at a particular price with an independent party. For those transferable securities and money market instruments referred to in 5:5 LVF, a market value is determined according to the following:

- market price from an active market, if such market price is not available the market value should be determined according to one of the methods below:
- on the basis of recently conducted transactions between informed parties which are independent of each other and has an interest in the transaction taking place, if such are available, or
- using the market price from an active market for another financial instrument which in all relevant aspects is similar, in case a market price cannot be determined according to any of the alternatives above, or
- if this is obvious to be misleading, a market value should be determined through the use of a valuation method established on the market, e.g. cash flow analysis.

Market valuation of units and shares in funds shall be based on reported values from each fund manager at the reporting point closest in time to the date when the value of the Fund is established as below. If the Fund Management Company regards this value to be misleading, the Fund Management Company shall estimate the value on an objective basis. One example of such an objective basis is to use the latest available estimate of results from the fund manager with regard to the current valuation period and apply this to the latest available reported price.

The market value of OTC derivatives shall be based on commonly used valuation models such as Black & Scholes and Black 76. The value may not be based on reported values from a counter party.

Financial instruments and other assets quoted in foreign currency are translated into Swedish kronor based on the current market listing for that currency. The Fund's liabilities comprise:

- Payments to the Fund Management Company
- Payments to the Custodian Institution
- Acquisitions not settled
- Tax liabilities
- Other liabilities related to the Fund.

The value of one fund unit is the net asset value of the Fund as above divided by the total number of outstanding fund units having regarded the currencies of each share class and the conditions attaching to each share class.

§ 9. SUBSCRIPTIONS AND REDEMPTIONS OF FUND UNITS

Sales and redemptions of fund units may take place on any banking day through the Fund Management Company. Subscriptions and redemptions must be made in writing. Subscription and redemption charges are presented under §11. As stated under §10 below, the Fund may, for one or more banking days, be temporarily closed for sales and redemptions. Subscription takes place at the price established on the banking day the request for subscription and cash settlement are received into the Fund's bank account, the "Subscription Date." Requests for subscription and cash settlement must be received by the Fund Management Company no later than 2.30 pm on the Subscription Date for subscription to take place on the Subscription Date. Otherwise subscription will take place on the subsequent Subscription Date. It is not possible to limit the subscription price when making a subscription request. Subscription takes place at a price unknown to the Unitholder at the time of request.

Redemption takes place at the price established on the banking day on which the redemption request is received by the Fund Management Company, the "Redemption Date." Redemption takes place at a price unknown at the time of request. It is not possible to limit the redemption price when making a redemption request. Fund units will be redeemed on the Redemption Date provided that cash is available in the Fund. If this is not the case, funds will be made available through sale of the Fund's assets, and redemption will be made as soon as possible. If such redemption would be materially detrimental to the interests of other Unitholders, the Fund Management Company may delay the redemption after notifying the Swedish Financial Supervisory Authority. Information about the latest estimated price for fund units is available from the Fund Management Company. This is also published daily on the Fund Management Company's website: www.tundrafonder.se.

§ 11. CHARGES AND FEES

11.1 Subscriptions and redemptions

For subscriptions of fund units, the Fund Management Company has the right to levy a maximum charge of 5% of the total sale price. This charge is payable to the Fund Management Company.

11.2 Fixed ongoing charges

A charge shall be paid from the Fund's assets to the Fund Management Company for the management of the Fund. The board of directors of the Fund Management Company decides annually on the dividend payable to the Unitholders of the distributing share class. The distributable amount shall, where applicable, be calculated from the fund's positive earnings according to the income statement for the financial year and any remaining balance of the distributable amount from previous financial years.

The dividend is paid during the month of April in the year following the end of the financial year. The dividend is payable to Unitholders that on a distribution date set by the Fund Management Company are registered for distributing fund units. The distribution is paid into the bank account previously indicated by the Unitholder.

The dividend will not affect the value of the non-distributing units in the fund. However, the dividend does change the ratio between the value of the distributing fund units and the non-distributing fund units. The ratio changes yearly in conjunction with each dividend payment.

§ 13. FINANCIAL YEAR OF THE FUND

The financial year of the Fund is the calendar year.

§ 14. ANNUAL AND HALF-YEARLY REPORTS, CHANGES TO THE FUND RULES

§ 15. PLEDGING AND TRANSFER

The Fund Management Company must be notified in writing of the transfer of Fund Units. It is the responsibility of the Unitholder to ensure that the notification carries authorised signatures. The notification of transfer must include details of the transferring party and the acquiring party. The transfer of Fund Units requires the authorisation of the Fund Management Company. Authorisation can be provided on condition that the new Unitholder has undergone customary checks in accordance with the regulations relating to measures to prevent money laundering and the financing of terrorism, and is not regarded as inappropriate as a client.

The Fund Management Company must be notified in writing of the pledging of Fund Units. This notification must disclose:

- the identity of the Unitholder (pledging party),
- the identity of the pledge holder,
- the fund units covered by the pledge, and
- any limitation on the scope of the pledge.

The notification must be signed by the Unitholder. The Fund Management Company shall note this information in the Unitholder register and inform the Unitholder (pledging party) in writing of this registration. Information regarding the pledge shall be removed from the Unitholder register upon written request from the pledge holder.

§ 16. LIMITATION OF LIABILITY

In the event the Custodian Institution or a custodian bank has lost Financial Instruments held in custody at the Custodian Institution or a custodian bank, the Custodian Institution shall without undue delay return financial instruments of identical type or pay an amount equal to their value to the Fund Management Company on the Fund's behalf. The Custodian Institution shall, however, not be held liable if the loss of the financial instruments was caused by an external event beyond the reasonable control of the Custodian Institution and whose consequences were impossible to avoid, even though all reasonable efforts were made to do so, such as loss arising from Swedish or foreign legal enactment, acts of the Swedish government or a foreign government, acts of Swedish or foreign governmental authorities, acts of war, strikes, blockades, boycotts, lockouts or other comparable circumstances. The reservation with respect to strikes, blockades, boycotts, and lockouts shall apply notwithstanding that the Custodian Institution is the object of or institutes such labour action.

The Custodian Institution shall not be held liable for loss other than such loss referred to in the first paragraph unless the Custodian Institution has caused such other loss intentionally or by negligence. Nor shall the Custodian Institution be held liable for such other loss under such circumstances set forth in the first paragraph.

The Custodian Institution shall not be held liable for loss caused by a - Swedish or foreign - stock exchange or other marketplace, registrar, clearing organisation or other entities that provide equivalent services - as regards losses other than those set forth in the first paragraph - nor for losses caused by a custodian bank or other delegate retained and regularly monitored by the Custodian Institution with due care and prudence, or as instructed by the Fund Management Company. The

Custodian Institution shall not be held liable for loss caused by the insolvency of the aforementioned organisations or delegates. A contract for services regarding the safekeeping of assets and ownership verification does not, however, relieve the Custodian Institution of its liability for losses and other injury in accordance with the Swedish Investment Funds Act.

The Custodian Institution shall not be held liable for any loss or damage incurred by the Fund Management Company, a Fund Unitholder, a fund or any other party due to restriction of rights of disposal that may be applied against the Custodian Institution in respect of financial instruments.

The Custodian Institution shall under no circumstances be held liable for indirect loss.

If the Custodian Institution is prevented, entirely or in part, from taking measures in accordance with this agreement as a consequence of a circumstance set forth in the first paragraph, these measures may be delayed until the impediment has ceased to exist. If payment is delayed, the Custodian Institution shall not pay penalty interest. If interest has been previously agreed, the Custodian Institution shall pay interest at the rate in effect on the due date.

If the Custodian Institution is prevented from accepting payment for the funds by reason of a circumstance set forth in the first paragraph, the Custodian Institution shall have the right to interest for the period during which the impediment existed only in accordance with the terms in effect on the due date.

In other respects, the tort liability of the Custodian Institution is regulated under chapter 3, sections 14-16, IFA.

The Fund Management Company shall not be liable for damage arising as a consequence of Swedish or foreign legislation, acts of Swedish or foreign governmental authorities, acts of war, terrorism, strikes, blockades, boycotts, lockouts, electricity shortages, IT-related failure not due to negligence by the Fund Management Company or the Custodian Institution, failure of general communications or other similar circumstances. The reservation with respect to strikes, blockades, boycotts, and lockouts shall apply notwithstanding that the Fund Management Company and/or the Custodian Institution is the subject of, or executes, such measure. Should the Fund Management Company be prevented from making payments or taking other measures on account of circumstances stated in the paragraph above, the said measures may be postponed until the obstacle has been removed. In the event of the Fund Management Company, as a result of such circumstance, being prevented from effecting or receiving payment, the Fund Management Company shall not be liable to pay interest. The Fund Management Company shall not be held liable for loss or damage caused by Unitholders or others breaking the law, rules, regulations or these Fund Rules. The Unitholder is hereby made aware that the Unitholder is responsible for ensuring that documentation sent to the Fund Management Company is correct and has Authorised signatures and that the Fund Management Company is informed of changes that take place in any information submitted. The Fund Management Company shall not be liable under any circumstance for indirect damage or other consequential damage. The Fund Management Company shall not be liable for damage caused by custodian banks, or other contractors engaged with normal care by the Fund Management Company and/or the Custodian Institution. Nor shall the Fund Management Company and/or the Custodian Institution be held liable for damage that arises to the Fund or Unitholders or others as a consequence of restrictions on disposition that may be applied to the Fund Management Company and/or the Custodian Institution with regard to financial instruments and other assets.

The Fund Management Company and/or the Custodian Institution shall not be liable for damage under other circumstances where normal care has been exercised.

The tort liability of the Fund Management Company and the Custodian is regulated under chapter 2 section 21, LVF.

§ 17. RESTRICTIONS ON THE RIGHT TO SELL ETC.

The Fund is not registered under the United States Securities Act of 1933, the United States Investment Company Act of 1940, or any other applicable law of the United States. Therefore, fund units may not be offered, sold or in any other way distributed to persons in the United States of America. Nor may units in the fund be offered, sold or in any other way distributed to physical or legal persons if this would, in the opinion of the Fund Management Company, confer a risk of breach of Swedish or foreign law or regulation, the Fund Management Company being required to implement special registration or other measures, or being exposed to significant disadvantage of a tax or financial nature, and this cannot reasonably be demanded of the Fund Management Company, or the Fund incurring damage or expense that is not in the interests of the Unitholders.

Persons wishing to acquire units in the Fund must disclose to the Fund Management Company their national domicile and, at the request of the Fund Management Company, confirm that this is not affected by the restrictions described above. Unitholders are also required, when necessary, to inform the Fund Management Company of any changes to their national domicile.

If the Fund Management Company believes that it does not have the right to offer, sell or otherwise distribute fund units in accordance with the first paragraph, the Fund Management Company retains the right to refuse to proceed with requests to buy units in the Fund, and, where necessary, and without agreement in advance, to redeem the fund units of the Unitholder on his behalf and to pay the amount due.
